NEW! Quick Access Can Opening and Storage Station

Now, Edlund introduces an innovation breakthrough with our new Edvantage® Can Opening and Storage Station complete with built-in Stainless-Steel NSF can opener. For the first time, operators have immediate access to 16 self-feeding #10 cans from dispensers built on top of the table, right next to the opener, eliminating the stress of having to bend over to reach for every can. Plus, the heavy-duty, all stainless table can hold an additional 36 cans on the 500lb. capacity shelf below. Whether you choose the fixed leg version or the mobile version with locking casters, this is the ultimate solution to most operators' can opening requirements. Every other can rack storage station is simply at a DIS-EDvantage!
